

BOLIVIA

Bolivia is in South America, and the CMS missionaries there teach the MOCLAM Bible course. Many people in Bolivia love Jesus and just like us, they need to know God's plan. The MOCLAM course teaches people how his plan begins with his creation, and because of Jesus' great power in dying and rising again, it ends with all of us being part of a new creation! To learn more about Bolivia and the Bible, have a go at these activities!

ACTIVITY

Bolivians are crazy about soccer. Their soccer team is known as *La Verde*, which means 'The Green'. Design your own soccer jersey and give it some colours and symbols that match your personality.

Did you know?

Bolivia has two capital cities: La Paz and Sucre.

Fun fact:

La mordida is the name of the Bolivian tradition where the birthday boy or girl gets their face stuffed into a cake!
