

PERU

Peru is in South America, and the CMS missionaries there teach the MOCLAM Bible course. The course started in Australia, but now you can study it in Spanish too. Lots of Spanish-speaking Christians all over the world are learning about Jesus through this course. It helps us teach people God's big plan and show how the whole Bible is all about Jesus. To learn more about Peru and the Bible, have a go at these activities!

ACTIVITY

Three quarters of the world's alpaca population live in Peru and the landscape is full of mountains and grassy plateaus. This alpaca is alone—draw it some friends and a background of the environment it may live in.

Did you know?

Peru has more than 55 varieties of corn!

Fun fact:

In Peru, you call your dad and a potato the same word: *papa*!
