

SEYCHELLES

Seychelles is a country made up of 115 islands in the middle of the western Indian Ocean. It has lush tropical plants, beautiful white beaches and many unique animals and birds. CMS missionaries have been invited to help Christians in Seychelles grow in faith as they read and study the Bible.

ACTIVITY

You can find many types of shells and marine life in Seychelles. Can you turn these shells into sea creatures? Remember to colour them in too!

Did you know?

Pirates used to use the Seychelles to take a rest! Some people believe there is still unfound buried treasure on one of the islands.

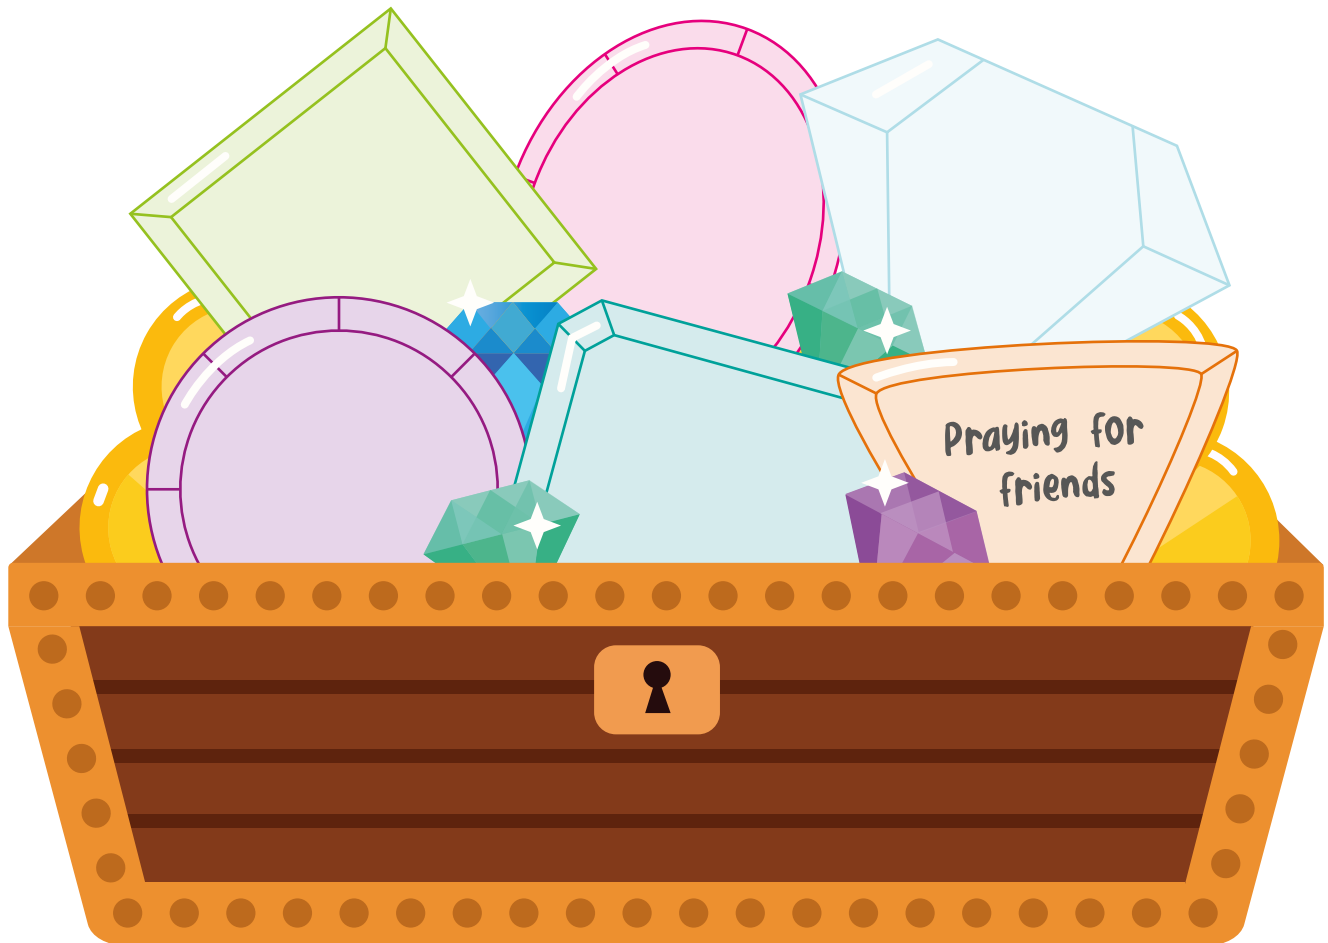

Fun fact:

The world's heaviest tortoise, Esmeralda, lives in the Seychelles. He weighs 304kg and is 170 years old!

BIBLE CHALLENGE

When the world around us looks good, it can be tempting to put our hope in it, instead of the one who created it. We want to see people in Seychelles, and all over the world, put their hope in Jesus Christ. What are some treasures in heaven that you can focus on? Write some ideas in the treasure chest below.

*For where your treasure is, there your heart will be also.
Matthew 6:21*

TIP: Read all of Matthew 6 to discover more about heavenly treasure.

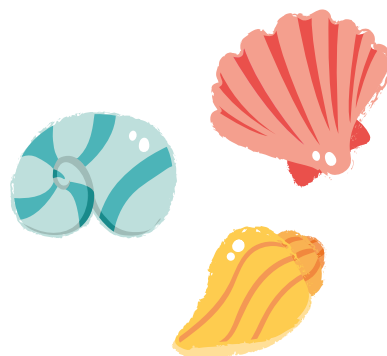

PRAY

Thank God

For the church in Seychelles and for the unity we have in Jesus.

Ask God

To help Christians in Seychelles to find joy and hope as they read the Bible.

Whenever you see **shells**, pray for Seychelles!
